President

Vicky McKay

president@sandringhamlsc.org.au

Welcome to the Sandringham Life Saving Club Annual Report for 2022/23.

What another big, busy year we have had. This season was not only the longest patrolling season we've had for a long time, but it's also been our busiest with lots of community activities over and above our patrolling commitments. There is so much to celebrate and be proud of.

Sandringham Life Saving Club is a small but growing community-focused lifesaving club. Our club continues to grow from strength to strength, with a 17% increase taking us beyond the significant milestone of 500 members!! In addition, there are a further 132 registered Silver Salties and 150 Community Swimmers. These numbers are testament to the volunteers and members of our club who have created a wonderfully inclusive environment. This growth and increased presence in our community reinforces that our efforts to build social infrastructure, to support the quality of life and wellbeing of our community and social capital, the value derived from positive connections and new relationships is working.

We are very appreciative of our dedicated and selfless volunteers who have generously donated their time to deliver our vital lifesaving services and educational programs. Together we have had a big impact on the lives of our community and we are extremely grateful for all that you do.

We have increased club capability and capacity over the past 12 months and our impact in our community has grown exponentially as a result:

- Our patrollers have been involved in more rescues and major incidents
- We have more qualified inflatable rescue boat (IRB) drivers and crew than in previous years
- We have increased the number of qualified trainers as well as the level of accreditation which has meant delivering more courses to our club members (and for members at other clubs as well!)
- Our water safety crew have (over a sustained period) supported our community to build their confidence swimming in the bay
- Our Silver Salties program has lifted the club's profile in the community and created a viable, welcoming and inclusive environment
- We have continued to introduce more young people to lifesaving via our school educational programs

Thank you to all our patrollers, trainers, age managers, water safety personnel and support volunteers who have contributed so much over the past season.

We had two major rescues this season, which actually occurred outside of patrolling hours. Fortunately, a couple of our patrollers were around and able to respond. This is a stark reminder of the importance of water safety and doing what each of us can to be prepared:

Never swimming or recreating alone around water

Be vigilant supervising children around water

Know and stick to your limits

Check the conditions before you go in

Always swim between the flags

President continued...

We want to equip our community with the skills they need so they can be an 'Everyday Lifesaver' for when we are not around. Please consider enrolling in one of our training courses. For over 55s, an entry level course to consider is our Open Water Grey Medallion. This practical program encompasses many aspects of lifesaving including basic first aid, survival techniques, improved swimming skills, what to do in emergency situations and provides a thorough understanding of water safety knowledge to reduce the likelihood of drowning. All of which are transferable skills, that can be utilised at the beach, river, and pool environment and in the broader community.

Increasing your knowledge and skills to keep yourself, your family and loved ones safe in and around water is a vital 'life saving' skill that everyone should be equipped with.

This year is the first time in many years that we have invested in the physical clubhouse. We paid for the new patrol room windows (as they were outside of scope for remediation funding) and we gave the exterior a much needed paint (as the mural funding only contributed part of the face lift). These costs alongside the storage grant are an investment in the future to help us make the most of the 60 year old clubhouse.

This year, we have also invested time planning for the club's future.

The Board of Management, together with representative members and community stakeholders have developed a five year Strategic Plan. This piece of work will form the roadmap for planning, development and the prioritisation of voluntary efforts and financial resources. Within this plan, at the core of what we do, is our commitment to keep our community safe around the water. To achieve this, our Board of Management agree to focus on

- Recruitment and development of our volunteers
- Our member engagement
- Building community awareness

Join us on this exciting journey. I urge you to consider taking on an active role at the club. Like the age-old edict; the more you put in the more you get out. Being part of a club is special, ours particularly so. Volunteering is extremely rewarding, from patrolling, to coaching and mentoring young people, to running the weekly barbecue, to taking on a Board role or sitting on a sub-committee, there are a multitude of ways for members to get involved. Get in touch for a chat or pop down to see us.

I look forward to seeing you on the beach.

Yours in service,
Vicky

Vice President

Karen Pennie

vicepresident@sandringhamlsc.org.au

At the conclusion of my second and final year as Vice President, I want to acknowledge the hard work and contributions of our President, Vicky, and the other committee members this season.

I was fortunate this season to coordinate the water safety crew to ensure every Nippers session was well supported and time in the water was safe and fun. I was appreciative of the water safety teams' take up and responsiveness on the Teams App - this made my job a whole lot easier.

Not only did the water safety crew support the Nippers sessions, but many of the water safety crew regularly turned up at 7:45am Sunday morning to support over 100 Community Swimmers and continued to venture into the water long after it started to get cold. As a result of these extra water safety events and the distance travelled by many of the swimmers, this crew spent more time on rescue boards and subsequently developed important board rescue skills.

I look forward to volunteering again with the water safety crew next season and hope we can continue to grow our volunteer numbers to reduce the reliance on individuals.

A thank you also to Hamish and his volunteer Age Managers, this season the communication and collaboration between Nippers groups and Water Safety was much improved, enabling a more coordinated and safer experience for the Nippers groups.

Vice President continued...

I was proud to be involved in the further development of some Junior members through the coordination of their participation in Life Saving Victoria's Leadership Development Camps this season. We sent 4 representatives across two camps this year, with Ynez Chapman attending the U13 camp and Amaya Chapman, Hannah Chruszcz and Archie Mckay attending the U15 camp. These camps develop both leadership and lifesaving skills and I would encourage all our junior life savers to consider applying for a spot on one of these camps next year. We also have a new Life Saving Victoria Junior representative in Marco Le, who will represent our Club in discussions and activities focused on improving engagement with junior life savers across the state.

True to my word in my last annual report, we managed to organise a few social gatherings with the opening of the Sandbar this season and a big thanks to the volunteers who helped us behind the bar. I am pleased to share that this should continue next season as we recently supported a couple more members in obtaining their RSA for helping us. Reach out if you want to help out in the bar next season.

My time on the committee has come to an end (for now) but I will continue to be an active water safety volunteer and hope to clock up more patrolling hours next season.

I hope to see you all at the club at the start of next season.

Treasurer

Tomas Dedek

treasurer@sandringhamlsc.org.au

The financial report for FY22_23 shows a net surplus of \$-63,090. We purchased a new ATV (\$23,590) with VESEP Grant (\$15,288) and our own contribution. We also underwent significant maintenance/renovations with painting the building, installing new windows, building new cabinetry in Patrol and First Aid rooms, etc., (thanks to Paintboys, Dulux and RAD Constructions).

Balance as at Jun 30 2022: \$144,758

Balance as at Jun 30 2023: \$81,966

Main Account: \$80,881

Debit Account: \$1,585

Total Net Income: \$66,529

Total Net Expenses: \$129,619

Net Surplus (2022/23): \$-63,090

Notes:

LSV VESEP 2023 Contribution of \$15,288 was paid in on July 6 (Post EOFY)

LSV VESEP 2022 Contribution of \$11,097 is due this FY post acquittal.

This will add \$26,385 to our balance.

Key items:	
Net Income:	
\$40,200	Grants Received (as per list below)
\$21,732	Net Membership Income:
\$2,041	Fundraising: (All Souls \$2,000)
\$1,179	Net Nippers
\$853	Net Merchandise
\$524	Bank Interest less Fees
\$66,529	
Net Expenses:	
-\$31,666	Maintenance - Building (Windows, Painting, Racks, Doors, ATV Service)
-\$25,662	Equipment (ATV, Signage, Lockers, Lounge)
-\$15,622	Grants Spent (Strat Plan, Cabinetry in Patrol and First-aid rooms)
-\$15,000	Operating Expense (fuel, stationary, Xero, etc.)
-\$8,567	Admin Expense
-\$8,243	Net Swimming (Excl. Grant)
-\$7,678	Net Silver Salties (Excl. Grant)
-\$6,679	Awards
-\$5,084	Insurance (Marsh)
-\$1,553	Special Events
-\$942	First Aid
-\$941	Internet
-\$913	Net Bar
-\$589	Electricity
-\$252	Rent
-\$230	Net Training
-\$129,619	
NET Surplus:	
-\$63,090	

Treasurer continued...

Grants (2022/23):	
\$5,000	Grant - Department of Social Services - for volunteer training
\$2,750	Grant - LSV - For maintenance on equipment as listed in GEMS
\$11,000	BSEF
\$8,250	Grant - Admin
\$7,500	Bayside Council – Annual Community Grant – Supported Community Swimming
\$2,000	DJPR - CPR/First Aid Training for Nippers Age Managers
\$2,600	Grant - Sandringham Community Bank (Bendigo Bank) – Silver Salties Program
\$1,100	DHL Uniform grant
\$40,200	

Silver Salties (2022/23):	
\$2,600	Grant - Sandringham Bendigo Bank – Silver Salties Program
\$9,084	Class Income
-\$16,762	Class Expenses
-\$5,078	Net Expense / Income

\$7,500	Grant – Bayside Council – Annual Supported Community Swimming
\$1,096	Income
-\$9,338	Expenses
-\$743	Net Expense / Income

Secretary

Christina Peace
adminesandringshamlsc.org.au

The 2022/23 Board of Management had eight filled positions and one position that became vacant during the season and two further vacancies. Two board positions are shared. The board met monthly in the club house and online. Ongoing communication took place via WhatsApp group. This ensures everyone was across opportunities and issues needing to be solved.

During the year we had achievements in the area of governance, including moving our bookkeeping onto an electronic platform and maintaining mandatory compliance requirements of all Board members. We also undertook OH&S and disability assessments.

Things to come...

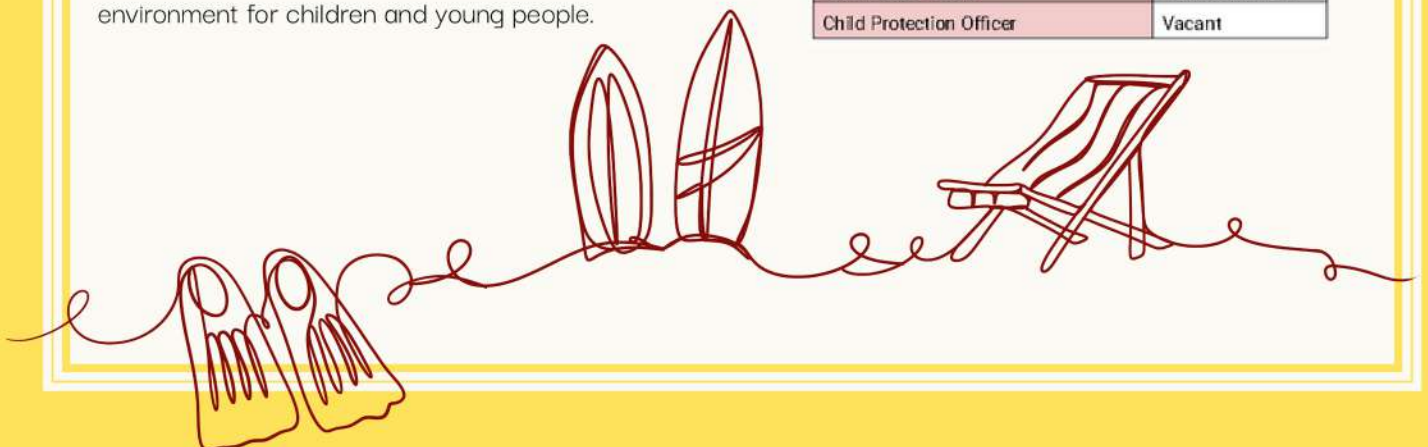

This year much time was spent on developing a 5 year strategy for the Club. To finalise our strategy, we undertook a design thinking workshop attended by board and non-board members. This ensured a shared vision and plan for the future of the club. The strategy will guide the club in our priorities and initiatives and continue to connect the club with the wider community.

Changes to Child Protection legislation will be at the forefront requiring the club to review our policies and procedures to ensure we maintain a safe environment for children and young people.

It will also give us an opportunity to communicate, educate and raise awareness among our members of our commitment to the Child Safe Program and overall reduce the risk of abuse of children and young people that come within the club's duty of care.

My first year as secretary entailed a big learning curve on what's involved in life saving. What stands out to me most is the generosity, kindness and thoughtfulness of the members of the board and all of our volunteers. So I look forward to an exciting year to come.

Board of Management

Child Protection Officer	Vacant

Membership

Meagan Holstrom
membership@sandringhamlsc.org.au

Sandringham Life Saving Club reached a milestone for membership numbers this year with over 500 members! With a large number of Nipper families, an increase in the number of Sandringham College students who participated in training programs, and an uptake in membership from the Silver Salties and Sunday morning community swim group, our club continues the growth in membership numbers from last season.

Our membership breakdown for the 2022/2023 season is as follows:

- 502 members in total
- 261 existing members renewed their membership
- 254 new members registered in 2022-2023
- 25 new members transferred across from other clubs

Registration for renewing members opened on September 19, 2022 with 176 members renewing in the early-bird registration period. General membership applications opened after our Open Day on October 14, 2022.

The breakdown in member type for the 2022-2023 season is as follows:

	2018/2019	2019/2020	2020/2021	2021/2022	2022/2023
Junior Members	160	185	144	182	171
Cadets 13-15	8	9	12	13	30
Active Members 16+	198	221	192	237	291
Community Members	--	--	--	--	10
Total Members	366	415	348	432	502

The breakdown in nipper ages for the 2022-2023 season is as follows:

	U6	U7	U8	U9	U10	U11	U12	U13	Total
2020/2021	7	28	27	23	23	11	13	12	144
2021/2022	35	23	31	21	28	23	7	14	182
2022/2023	36	34	23	30	14	17	14	3	171

We reached capacity in the U6 and U7 age groups this year, with U9 following closely behind. Many thanks to the additional age managers who stepped up and made it possible to enrol additional children in those age groups.

We look forward to continued growth of our membership next year as we move into another great season!

Lifesaving

Claire and Daniel Pardo
lifesaving@sandringhamlsc.org.au

The 2022/23 Season was a big season for the Sandringham Life Saving Club. This report will hopefully give you an insight into what we achieved this season and get you excited for a big season to come.

Over the 2022/23 Season we had a total 1,578 hours and 31 minutes of patrolling, in which we had 2 rescues, 2 major first aids, 277 minor first aids, 1,231 preventative actions and a total beach attendance of 44,528 people.

Our top patrollers were Lucas Pardo (127 Hours), Archie McKay (119 Hours), Dennis Buttié (95 Hours), Leilani Buttié (72 Hours), Simona Pardo (71 Hours) and Daniel Pardo (71 Hours).

A HUGE thank you to all the patrollers, and especially to the patrol captains. Without them none of this would be possible. We are truly lucky to have such a talented group of patrollers. Another special thanks to anyone that participated in any major first aids and any rescues. An important reminder if you need any support, you can call 13SURF at any time for support. We can't wait to see you all again next season.

We had a number of special events and patrols throughout this season.

First up we had the Pride Patrol, a state-wide initiative presented by LSV and Lifesavers with Pride.

The Pride Patrol celebrates and acknowledges LGBTQIA+ communities and individuals that are part of our club and local beach area to engage, educate and encourage action. We aim to be an inclusive club that welcomes and embraces all patrollers, members and beachgoers.

Lifesaving continued...

Next up was the annual Pink Patrol is one of the highlights of our patrolling calendar at Sandy. This year we celebrated women in lifesaving by donning our pink gear, having an empowering yoga session and some special visitors from the Women in Lifesaving Panel and local clubs, including the jet skis.

This year we ran our first ever Green Patrol! The whole weekend included activities to clean our beach and conserve our environment. This included litter collections (on land and underwater!) and a special talk from the Marine Mammal Foundation.

Our incredible patrollers responded to a number of major incidents this season on and off-duty. The club is especially proud of Daniel and Lucas Pardo who both performed CPR on our beach. There may have been differing outcomes, but both of you showed commitment, strength and resilience and for that we are proud and grateful.

With the major incidents we have had, this season has been a reminder that the work we do is important, necessary and can be rewarding. However, it has also been a reminder that the work we do can be hard, confronting and can take a physical, mental and emotional toll on us. It is important that we look out for each other on and off patrol and reach out to support when we need it.

Awards

Lifesaver of the Year: Daniel Pardo

Outstanding Contribution to Lifesaving: Denis Buttié

Best First Year Lifesaver: Arthur Dutrieux

Encouragement Awards: Max Chruszcz, Harper Morrissey, Amaya Chapman and Rueben Chapman

We are already looking forward to the next season at Sandy. We are aiming to keep our rescue readiness up through training and practice and continue to provide opportunities for our patrollers to connect.

We can't wait to see you all on the beach soon!

Training

Bianca Pither and Simona Pardo
training@sandringhamisc.org.au

This season was huge for the training team! We had 22 assessments, over 7 courses and 4 Skills Maintenance sessions for 90 separate awards for our members.

A huge thank you to all who requalified this season. By Jan 30th we had processed 22 internal members (50 awards) and 21 externals. It's always a mammoth effort, so thank you!

We also ran our first Bronze Bridging course, which enables our recent Surf Rescue Certificate (SRC) holders, who have completed patrolling hours to only complete the extra Bronze modules instead of completing the entire course again. This enables you to get started with your Surf Rescue Certificate and then complete a shorter Bridging course to get your full Bronze when you are 15yrs or if you're more confident, if needed. It can also help particularly our Nipper parents, to halve their time commitment when completing water safety awards. Please have a think over the off-season, if this is something you may be interested in. Congratulations to Hannah C and Amaya, as well as two externals, for being our guinea-pigs!

We also had 2 of our members, Xavier and Daniel, gain their IRB Driver's award and Hannah C gain her IRB Crew - well done to all!!! The IRB awards are the only one of the base awards we cannot train internally so it is a great achievement and showcases incredible dedication for our members to make the effort to complete this training at another club.

We are most excited to welcome 3 new trainers to our team with one waiting in the wings for the next Bronze course to officially qualify. Congratulations to Daniel, Anatole and Lauren for completing their Training Officer Certificate (TOC), it is a massive effort and we are so excited to see you train!

Training continued...

Outside of extending our team, this year's focus was to gain full accreditation to run the First Aid Suite. Due to the recent transition for Lifesaving Victoria to a Registered Training Organisation (RTO), the qualification process to run certain awards is more complicated. Thank you to Bianca and Simona for continuing to train and gain experience in running these awards. We can now run all these awards independently of other clubs; quite a feat! So, this season we ran two CPR Courses and one full ART/FA course, something that was impossible last season. We had over 50% of CPR candidates come from outside clubs, so it is not just us reaping the benefits.

Another achievement this season was to run our first Open Water Grey Medallion for 5 candidates. Thank you so much to Simona for training this award for the first time. We had rave reviews from the candidates who found the training really valuable! Thank you as well to Lauren for completing the training for future.

In addition to all the formal lifesaving awards, we also hosted a Year 9 Outdoor Education program for around 100 students from Sandringham Secondary College. We took them through teaser lifesaving modules for them to see what it would be like to train and patrol as a lifesaver.

We'd like to extend our congratulations again to our Chief Instructor Award recipient, Hannah Chruszcz for being so keen and diligent gaining her Bronze, ART/FA & IRB Crew this season.

We will be running more training in the off-season so stay tuned if you'd like to do your CPR or First Aid (all dry)! We're already gearing up for a bigger and better season ahead so please stay tuned and reach out with any questions you may have in the meantime.

Nippers

Hamish McKay

nippers@sandringhamlsc.org.au

I am pleased to present the annual report for the 2022/23 Sandringham Life Saving Club (SLSC) Nippers program, highlighting the remarkable achievements and progress made over the past year. Our organisation remains committed to nurturing young individuals and equipping them with essential life-saving skills, fostering their physical and personal development. I want to take this opportunity to focus on four key areas: the dedication of our Age Managers, the growth in some of our Nipper age groups, the valuable skills acquired by our participants, and the unwavering support of parents and carers.

Dedication of Age Managers:

The success of our Nippers program heavily relies on the commitment and expertise of our dedicated Age Managers. These individuals volunteer their time and knowledge to guide and mentor our young participants throughout their journey. In 2022/23, we witnessed an outstanding level of dedication from our Age Managers, with their collective efforts ensuring a safe and inclusive environment for all Nippers.

Combining their knowledge and experience, they worked tirelessly to plan and organise engaging activities and training sessions, fostering the development of both water and beach-related skills. Through their guidance, our Nippers learned about beach awareness, water safety, teamwork, and leadership, enabling them to become confident and responsible individuals.

Growing Nippers Numbers:

Over the past year, we have experienced an increase in the number of Nippers of our younger age groups. This growth is a testament to the positive reputation and impact we are having within our community and the appeal in delivering lifesaving skills to the younger age groups.

To accommodate our program, we expanded our Age Manager numbers, purchased additional equipment and resources, ensuring that each participant receives personalised attention and quality training. Our goal is to continue to support the growth of our Nipper program and provide a nurturing environment where every child can develop their skills and grow their passion for lifesaving activities.

Nippers continued...

Skills Learnt:

SLSC Nippers is committed to imparting essential water safety education and life-saving skills that can be utilised beyond the beach. Through our comprehensive training curriculum, Nippers gain proficiency in various areas, including water safety, beach awareness, rescue techniques, and first aid. These skills empower them to become capable and responsible citizens, equipped to respond effectively in emergency situations.

Moreover, our program emphasises the importance of teamwork, communication, and leadership. Nippers engage in various group activities that enhance their collaborative skills, encouraging camaraderie and mutual support. These experiences contribute to their personal growth and development, instilling values that will serve them well throughout their lives.

Support of Parents and Carers:

We are immensely grateful for the unwavering support and involvement of parents and carers in our Nippers program.

Their active participation and encouragement play a vital role in creating a positive and nurturing environment for our participants.

At SLSC Nippers, we firmly believe that the active participation of parents and guardians is crucial for the success and growth of our program. Your involvement not only enhances the experience of your child but also enables us to provide the comprehensive program we have planned in future years.

We urge you to put your hand up and get involved because it will be more rewarding for you and your children and together we can create a safe and nurturing environment for our young lifesavers.

Conclusion:

The year 2022/23 has been a terrific one for SLSC Nippers.

We extend our heartfelt gratitude to everyone involved in making our program a success, and we look forward to continuing our vision of developing lives to save lives at SLSC.

Silver Salties

Meagan Holstrom

silversalties@sandringhamlsc.org.au

Over the past year, the Silver Salties program has continued to grow, providing opportunities for older members of our community to connect with others, and build strength, endurance, flexibility, and mindfulness. We're thrilled to be able to offer these classes to our local community and are grateful to our instructors for their kindness and expertise.

Silver Salties by the numbers:

- Total number of registered participants: 132
- New registrations this season: 72
- Participants who attended at least one class this season: 90
- Participants who attended multiple class types this season: 33

Participation in Bayside Council's Healthy Ageing Seniors Festival in October of 2022 was incredibly successful. Over 65 individuals attended programs throughout the month, with 41 of those new participants to the program. We've been thrilled to see many of those participants returning, with about half of those new participants continuing on with various Silver Salties classes. We're looking forward to participating in the festival again this year.

Our schedule of classes continues to grow, with an additional yoga class added to the weekly schedule to accommodate the growing demand. We had a very successful season of swimming classes, with our "Be Confident Swimming in the Bay" sessions attracting a number of very regular and dedicated swimmers. Our Tai Chi members are so enthusiastic about their classes that they've started to

practice over their class holidays, and our Fitness program continues to develop strength and endurance in our members.

In November we said farewell to our Pilates instructor Vicky, as she moved away from the program to prioritise family and work commitments. We were then very excited to welcome back Sarah to the role, as she came back from maternity leave in February after the birth of her baby.

We're also proud of our Silver Salties who have gone on to complete additional training within the lifesaving club, with members attending Open Water Grey Medallion courses, CPR and ART/FA training, and joining patrolling teams. We've also had a number of Silver Salties join our Sunday morning Community Swims, with over 15 of them joining others in our community for a refreshing weekly dip in the bay.

At our awards dinner at the beginning of May, we were very pleased to award the Silver Salties Participant of the Year to Ellie Harper. After finding the program through the Seniors Festival classes, Ellie attended multiple Silver Salties programs every week and has very intentionally worked on her strength, fitness, and mental health. After completing the Open Water Grey Medallion course and receiving her CPR and ART/FA training, Ellie started patrolling with the club in the latter part of the season. We're proud of her journey into lifesaving and are grateful that her generous, positive, and encouraging personality is part of our group.

Swimming

Ross Lavendar and Vicky McKay
swimming@sandringhamlsc.org.au

The supported Sunday morning community swim events continued throughout the season, with the water safety support concluding on Sunday April 30 with the addition of a cold water education session.

This free weekly community initiative brought like-minded members of the community together. Based on participants feedback, the impact was resoundingly positive, both socially (making friends), emotionally (confidence building), and psychologically (mental health benefits).

The weekly event attracted swimmers of all ages and abilities, and gave SLSC volunteers the opportunity to meet and get to know local swimming enthusiasts. A handful were already members of lifesaving clubs (our own, or neighbouring clubs), but the majority had no connection to lifesaving nor SLSC. As a direct result of these events, over 10 swimmers have signed up to become SLSC members (two have proceeded to become patrollers).

Many swimmers new to open-water swimming grew in confidence over time and those who wanted to extend themselves felt safe in the knowledge that they could swim further, for longer, whilst supported by the water safety support on hand.

Here are a few quotes from some of the participants sharing the impact of these activities:

"They're such a welcoming supportive club. A fabulous program"

"I loved knowing the lifesavers were around and it was ok to give it a go. I've never swam out to the poles or swam like this in the bay before"

Thank you to our amazing water safety crew, led ably by Karen Pennie. Week after week, this enthusiastic team turned up every Sunday morning to support our community. Well done. Your lifesaving support has been life-changing for many.

If you are interested in staying connected with some of our keen swimming tribe, join our community [Facebook page](#) to arrange swimming times with like-minded swimmers.
